MEMORANDUM FOR: Colonel Grant Miller  
Office of the Secretary of Defense  
Legislative Affairs  
Department of Defense

FROM :   
Assistant Legislative Counsel, CIA

1. At a recent briefing of the Senate Select Committee on Intelligence, Senator Stevenson asked Deputy Director Frank Carlucci about Executive Branch activities to counter international terrorism. Senator Stevenson was particularly interested in what efforts are underway to develop a commando-type team which could conduct raids such as the Israeli raid at Entebbe Airport and the West German raid at Mogadiscio. Mr. Carlucci explained CIA programs but was unable to satisfy the Senator regarding what activities are undertaken by other Government departments and agencies. He offered, however, to submit for the record a report on Executive Branch activities to include inputs from CIA, FBI and Department of Defense.

2. Will you please have prepared a report setting forth Department of Defense activities and programs to combat international terrorism? I would like to have such a report to submit to the Committee by 21 April. If you see a better way to handle this, as by direct contact between the Department of Defense and the Select Committee staff, please let me know. Thank you.
